

The background of the slide is a green chalkboard with two pieces of pink chalk lying on it. There are some faint white chalk marks on the board, including a large '2' and some curved lines. The word 'Review' is written in a bold, dark green font in the upper right corner.

Review

Ayman Zohry

CDC 103 – Lecture 12 – May 6, 2012

The background of the slide is a green chalkboard with two pieces of pink chalk lying on it. There are some faint white chalk marks on the board, including a large '2' and some curved lines. The title 'Objectives and Learning Outcomes' is written in a bold, dark blue font in the upper left corner. A vertical black brushstroke is on the left side, and a row of small, colorful stones is at the bottom.

Objectives and Learning Outcomes

- By the end of this course, you will be able to:
 1. *Acknowledge the importance of the analysis of population size and change and recognize the importance of such analysis in their own research in the future,*
 2. *Calculate measures related to population size, distribution and composition using real data,*
 3. *Calculate measures related to population change using different methods and approaches, and*
 4. *Read, understand, and utilize demographic literature related to population size and change.*

Final Exam

- Timing
- Duration
- Exam Format

Suggestions for Research Papers Related to the Two Courses

- Change of population composition over time
 - *Rates of change*
 - *Age-Sex composition*
 - *Regional variations*
 - *Population Pyramids*
- Youth Bulge
 - *Defining Youth Bulge (15-29 = 20+ %)*
 - *The Effect of Youth Bulge on Civil Conflict (Rwanda)*
 - *Youth Bulge and Unemployment*
 - *Youth Bulge and Social Services (education)*

Suggestions for Research Papers Related to the Two Courses

- Demographic Window of Opportunity
 - *Defining Demographic Window of Opportunity*

Demographic window is defined to be that period of time in a nation's demographic evolution when the proportion of population of working age group is particularly prominent
- Internal migration and population redistribution
 - *Migration to Mega Cities*
 - *Rural-Urban Migration and Urban growth*
